Inspiring and empowering all to dream, believe and achieve.

4/9/2020

Adult Tech Students, Office Staff, and Instructors. Since the last Covid-19 communication, The Ohio Governor Dewine administration issued an extension of the “stay at home” order. The extension now lasts through May 1, 2020. We recognize it is possible it will be extended again.

This communication is to serve as notice that those programs previously placed on extended spring break, which were to begin spring quarter on April 20, will now remain on spring break and will not start before Monday, May 11, 2020.

Medical Assistant, Surgical Technology, and Information Technology will continue online until further notice.

Our office will remain open Monday through Friday (but closed Good Friday, April 10) from 10:00 am until 2:00 pm but is generally closed to foot traffic. We have limited office staff each day with the majority continuing to work from home. Individuals inside WCCC buildings are now required to wear face masks until further notice. We continue to require temperature – taking and social distancing.

Please give us a call if you have any questions.

Sincerely,

Tony Huffman, Ed.D., Director, Adult Technical Training
